Re: United States v. Donato Polisenio
20 CR 163(PKC)

Dear Judge Castel:

We write to request an adjournment of Donato Polisenio's sentencing date, which is currently scheduled for December 6, 2022. On August 9, 2022, we wrote to Your Honor informing the Court that Mr. Polisenio was scheduled to undergo coronary bypass surgery on August 16, 2022. However, this surgery was postponed due to Mr Polisenio's artery plaque levels. On October 20, 2022, we wrote to inform Your Honor that Mr. Polisenio was receiving chelation therapy in an effort to lower the lead levels in his arteries so the surgery can ultimately be performed. Earlier this week, we received a letter from Mr Polisenio's doctor with an update regarding his chelation therapy. A copy of this letter is attached as Exhibit A. According to Delaware Integrative Medicine, Mr. Polisenio has undergone six chelation therapy treatments and needs nine more treatments before they can reassess his ability to have the coronary bypass surgery. Because these treatments are scheduled approximately every two weeks, Mr. Polisenio will be re-assessed for surgery approximately at the end of March 2023.

However, given the parties' interest in proceeding to sentence and providing Mr. Polisenio with finality regarding this matter, we request an adjournment to January 25, 2023 with an extended surrender date to allow Mr. Polisenio to complete his chelation therapy and bypass surgery (if applicable). The Government, by AUSA Sarah Mortazavi, has no objection to this request.

Respectfully Submitted,

/s/ Louis M. Freeman
